

The image displays two Samsung SM-P205 tablets, one showing the internal components and the other showing the back cover. A ruler is placed above them for scale.

Left Tablet (Internal Components):

- Battery:** A large white battery with the Samsung logo and text: "SAMSUNG", "SM-P205", "3.8V 4400mAh", "CE", "RoHS", "RECYCLED", "SM-P205", "3.8V 4400mAh", "CE", "RoHS", "RECYCLED", "SM-P205", "3.8V 4400mAh", "CE", "RoHS", "RECYCLED".
- Logic Board:** A blue circuit board with various components, including a camera lens, a microphone, and a USB port.
- Connectors:** A yellow ribbon cable connects the battery to the logic board. A USB cable is also connected to the bottom of the tablet.

Right Tablet (Back Cover):

- Back Cover:** A black plastic back cover with a camera lens and a microphone.
- Internal Shielding:** A large copper-colored metal shield covers the internal components, with a silver-colored metal shield covering the battery area.
