A.1 F_TC 01/03/05/19/20/21/22 Conducted test in MT8821C callbox	A.2 F_TC 23 Conducted test in MT8821C callbox
 The image shows an Anritsu MT8821C callbox test setup. A small Anritsu handheld device is connected to the top of the callbox via a blue cable. The callbox is connected to a larger Anritsu device with a screen, which displays a blue interface. A blue cable is also connected to the bottom of the callbox. A small circuit board is visible on the table in front of the callbox.	 The image shows an Anritsu MT8821C callbox test setup.
