

Setup Photo

Configuration 1 and 2 (phone to phone with align)

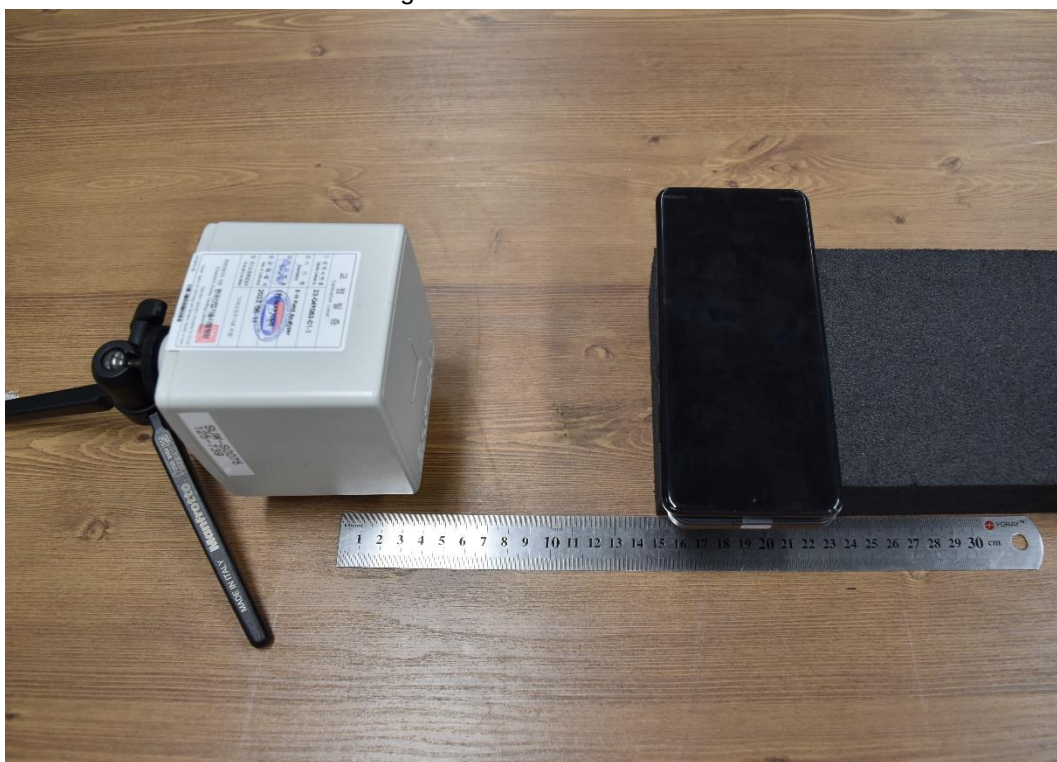

Top at 15cm test distance

Left at 15cm test distance

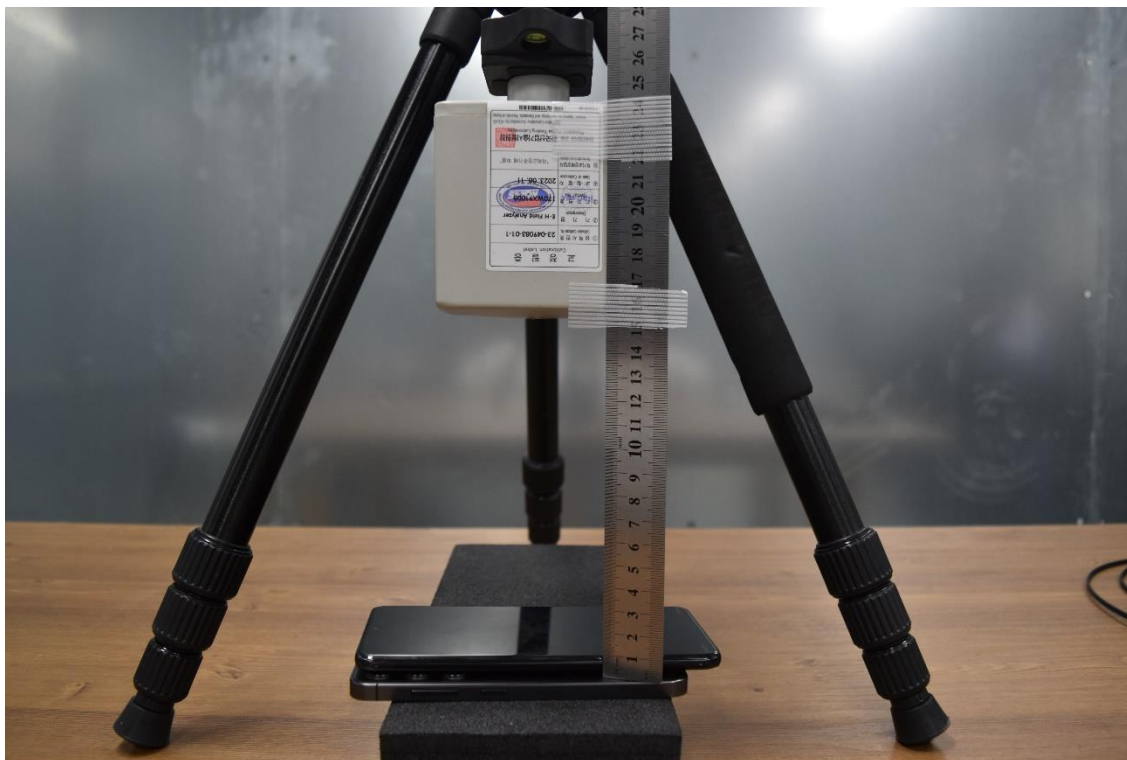

Right at 15cm test distance

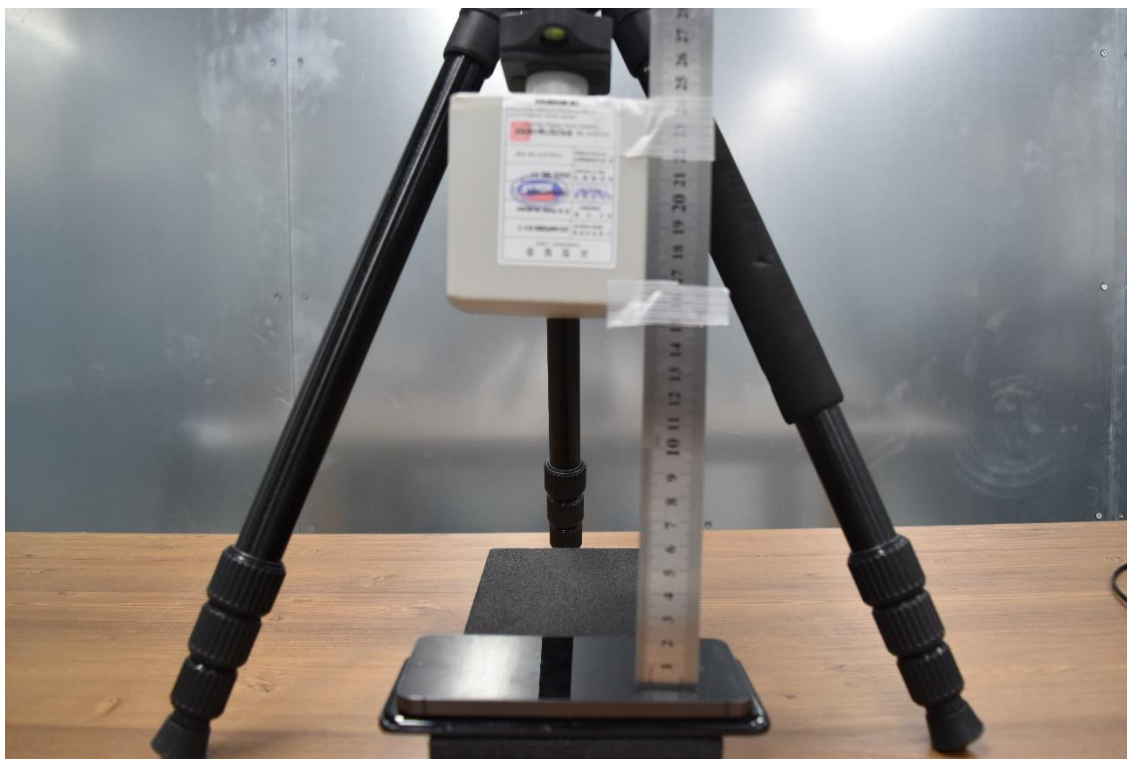

Bottom at 15cm test distance

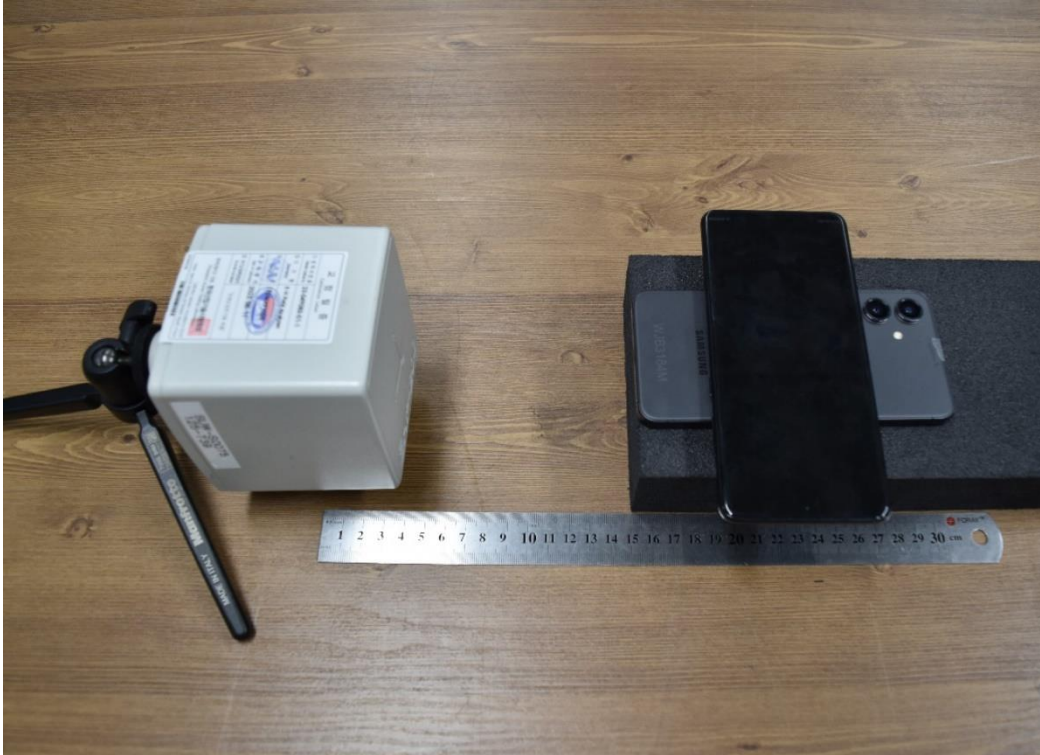

Above DUT at 20cm test distance

Below DUT at 20cm test distance

Configuration 3 and 4 (phone to phone with cross)

Configuration 5 and 4 (phone to watch)

Test configuration (3/4) and Test configuration (5/6) only show DUT combinations (DUT source / DUT client). The reason is that test setups are the same as in Test configuration (1/2).
