We attest the following for NTN operations:

1. With regards to the requirements of § 25.129(d), this device only communicates directly with the Skylo network when operating and subscribed to the Verizon network.
2. This device is intended to operate exclusively with the Skylo system, which is authorized to lawfully provide service to users within the United States. The system operates under a public FCC license held by Skylo, as authorized by the FCC.
3. This device will not exceed the specified maximum duty cycle during NTN operation.
4. NTN Operation for this device will comply with the following:
  - This device must be turned off at all times while on board aircraft.

Should you have any questions or comments concerning the above, please contact the undersigned.

Sincerely,

Jenni Chun / General Manager
