NTN Operation FCC Attestation

FCC ID: A3LSMS942U

To Whom It May Concern:

We attest the following for NTN operations:

1. For §25.129(d), this device only communicates directly with the Skylo network when operating and subscribed to the Verizon network
2. This device is intended to operate exclusively with the Skylo system, which is authorized to lawfully provide service to users within the United States. The system operates under a public FCC license held by Skylo, as authorized by FCC.
3. This device will not exceed the specified maximum duty cycle during NTN operation
4. NTN operation for this device will comply with the requirement that the device must be always turned off while on board an aircraft.

Should you have any questions or comments concerning the above, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read "Jenni Chun", is written in a cursive style.

Jenni Chun, General Manager
