ATTESTATION

FCC ID: A3LWCH941M

Product description: Wi-Fi/BT Transceiver

We, Samsung Electronics Co Ltd attest that this device under FCC ID: A3LWCH941M complies the requirements of FCC Part 15.202 and 15.407 as a 5.9GHz band Indoor client device (UNII).

1. Indoor devices Attestation Statement:

- a. The device will never directly connect to other client devices.
- b. The device will only associate and connect with a low-power indoor access point or subordinate device.
- c. This device will always initiate transmission under the control of a low-power indoor AP or subordinate except for brief transmissions before joining a network. These short messages will only occur if the client has detected an indoor AP or subordinate operating on a channel. These brief messages will have a time-out mechanism such that if it does not receive a response from an AP it will not continually repeat the request.

Sincerely,

Jenni Chun
General Manager
Samsung Electronics Co Ltd
