RE: PART 15 UNLICENSED LIMITED MODULAR TRANSMITTER APPROVAL

To Whom It May Concern:

We, Samsung Electronics Co., Ltd., Hereby requests a Limited Modular Approval of our RF Transceiver Module, described as follows:

Brand name: SAMSUNG

Model name: WIBT40E

FCC ID: A3L WIBT40E

In FCC Rule Part 15.212 there are eight numbered requirements that our blue tooth module complies with.

- 1. The modular transmitter must have an own shielding :** The radio portion of this module has been shielded, Please see photographs provided with the application.
- 2. The modular transmitter must have buffered modulation/data inputs. :** This module has a memory managements unit inside of the IC (BC57E687C). It buffers the data inputs from USB terminal.
- 3. The modular transmitter must have its own power supply regulation. :** This Module supplied regulated power from host device, and the Host device is Samsung Electronics's AV and TV products
- 4. The modular transmitter must comply with the antenna requirements of Section 15.203 and 15.204c:** This module is equipped with an onboard PCB Chip Antenna. For further details please refer to the antenna data sheet included in the filing.
- 5. The modular transmitter must be tested in a stand-alone configuration:** During the test, this module was incorporated into a Samsung Speaker system.

6. The modular transmitter must be labeled with its own FCC ID number: This module is labeled with its own FCC ID number, Please see product label design and the external photograph of the device with this label submitted with the application.

7. The modular transmitter must comply with any specific rule of operation requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements: This module is compliant with all applicable FCC rules. Detail instructions for maintaining compliance are given in the Users Manual.

8. The modular transmitter must comply with any applicable RF exposure requirements: This module is compliant with all applicable RF exposure requirements. RF Exposure is addressed in the test report.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Jaywoo Lee' or similar, written over a horizontal line.
