

Letter of Declaration

Sender : Samsung Electronics Co., Ltd.

To : Dt&C

Title : FCC modification approval.

FCC ID : A3LWSNFM400A00

Issue Date : 2014. 12.02

Model Name : WSNFM400A00

This device (WSNFM400A00) is certified by FCC with Interface hub board.

But the NFC module complies the requirement in clause 15.212 (Refer to Modular Approval Letter), so we request this modification to delete the interface hub board.

This interface hub board just transform the voltage from 5 V dc to 3.3V, and supply the transformed voltage to NFC module.

And the hub board doesn't affect the RF characteristics of the NFC module.

A handwritten signature in black ink, appearing to be "Sangyoub Hyoun", written over a light blue grid background.

Sangyoub Hyoun
