Re: FCC Identifier A4P-100-0013-01

Dear Sir or Madam:

NextNav, LLC received a Grant of Equipment Authorization for the above referenced equipment on March 9, 2014, a copy of which is attached as Exhibit A. Pursuant to 47 CFR 2.1043(b)(3), we respectfully request you grant a Permissive Change to allow a software change for the additional generation of our 5.115 MHz Channel bandwidth between 922.308-924.692 MHz. There is no hardware or bill of material change required, and the output power rating remains the same.

Thank you for your consideration.

Sincerely,

Ronald Keefe, Jr.
Associate General Counsel
