Subject: UNII 5.9GHz Attestation per FCC KDB 291074 D02

FCC ID: A4RGE2AE

To Whom It May Concern:

We, Google LLC, attest that this device with FCC ID A4RGE2AE complies with following FCC requirements.

1) This device will not directly connect to another client device.
2) This device will only associate and connect with an indoor Access Point (AP) or indoor subordinate.
3) This device will always be under the control of an indoor AP. However, there may exist situations where the client may transmit brief messages, prior to being under the control of an AP, to join an AP network.These brief messages will only occur if the client has detected a signal confirming that an AP is operating on a particular channel. These brief messages will have a time-out mechanism if the client does not receive a response from an AP.

If you have any questions, please do not hesitate to contact me.

Sincerely yours,

Dominik Mente
