

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of an EUT housing. On the left is a circular metal housing with a copper-colored spiral coil inside. To its right is a white circular component with a dark center. A black ruler with white markings is placed below the components for scale.
Solder Board-Component View 1	 A photograph showing the solder board-component view. On the left is a circular metal housing with a black PCB inside, featuring various electronic components. To its right is a circular metal component with a dark interior. A black ruler with white markings is placed below the components for scale.

Solder Board-Component View 2	 A photograph of a circular electronic component, likely a coin cell battery, showing its internal circuitry. The component is placed on a blue textured surface next to a black L-shaped ruler with white markings in millimeters. The ruler indicates the component's diameter is approximately 30 mm.
Solder Board-Component View 3	 A photograph of the same circular electronic component, showing its external metal casing. The component is placed on a blue textured surface next to a black L-shaped ruler with white markings in millimeters. The ruler indicates the component's diameter is approximately 30 mm.
