

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

Conducted Emission Test Setup	 A photograph showing a conducted emission test setup. On the left, a white test bench holds a spectrum analyzer. A long orange cable connects the analyzer to a small electronic device on the floor. To the right, a wooden table holds a power supply and other equipment. The background shows a wall with electrical outlets and a yellow and black striped safety barrier.
Radiation Emission View (Below 30MHz)	 A photograph showing a radiation emission test setup. A device is placed on a white foam block inside a dark metal frame. The background is a white wall with a grid of black cross-shaped absorbers. The floor is marked with yellow and blue caution tape.

**Radiation Emission
View (30MHz to 1GHz)**
