

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	
EUT View 2	

EUT View 3	 A photograph of a white electronic device, identified as EUT View 3. The device is rectangular with rounded corners and a small vertical protrusion on the right side. It features a circular port on the left side and a small rectangular slot on the top surface. The device is placed on a blue background next to a black ruler with white markings. The ruler shows measurements in centimeters and millimeters.
EUT View 4	 A photograph of the same white electronic device, identified as EUT View 4. This view shows the device from a different angle, highlighting the circular port and the small rectangular slot. The device is placed on a blue background next to a black ruler with white markings. The ruler shows measurements in centimeters and millimeters.

EUT View 5	 A photograph of a white electronic device (EUT) from a side-on perspective. The device has a rectangular base with rounded corners and a vertical, slightly curved stand attached to the right side. On the left side of the base, there is a circular opening with a small, hinged cover. The device is placed on a blue textured surface. A black ruler with white markings is positioned horizontally below the device, and another ruler is placed vertically to the left of the device for scale.
EUT View 6	 A photograph of the same white electronic device from a different angle, showing the front of the base. The vertical stand is prominent on the right. The circular port with its hinged cover is visible on the left. The device is on a blue textured surface. A black ruler with white markings is positioned horizontally below the device, and another ruler is placed vertically to the left of the device for scale.
