

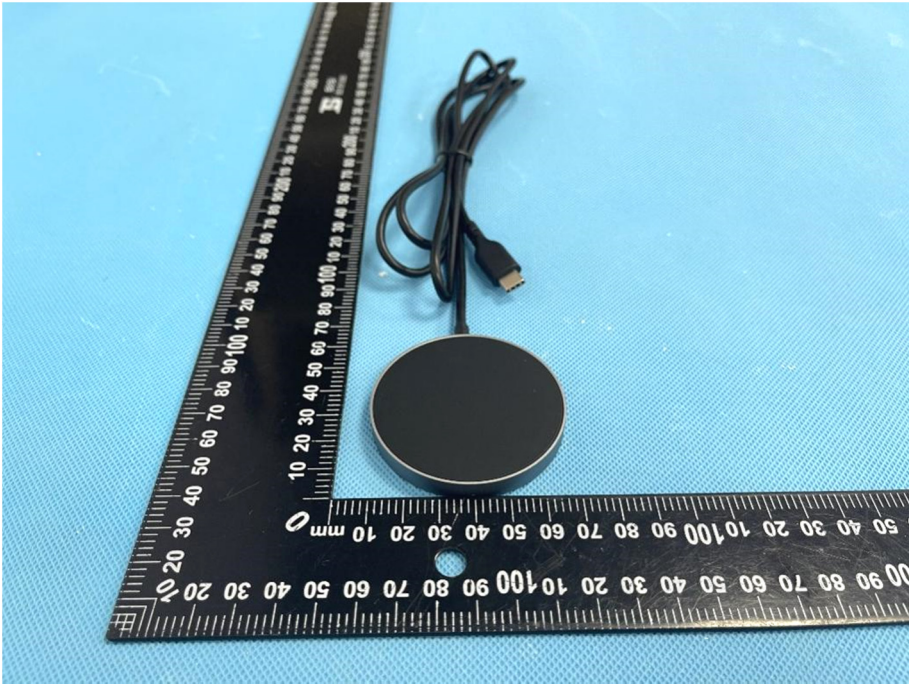

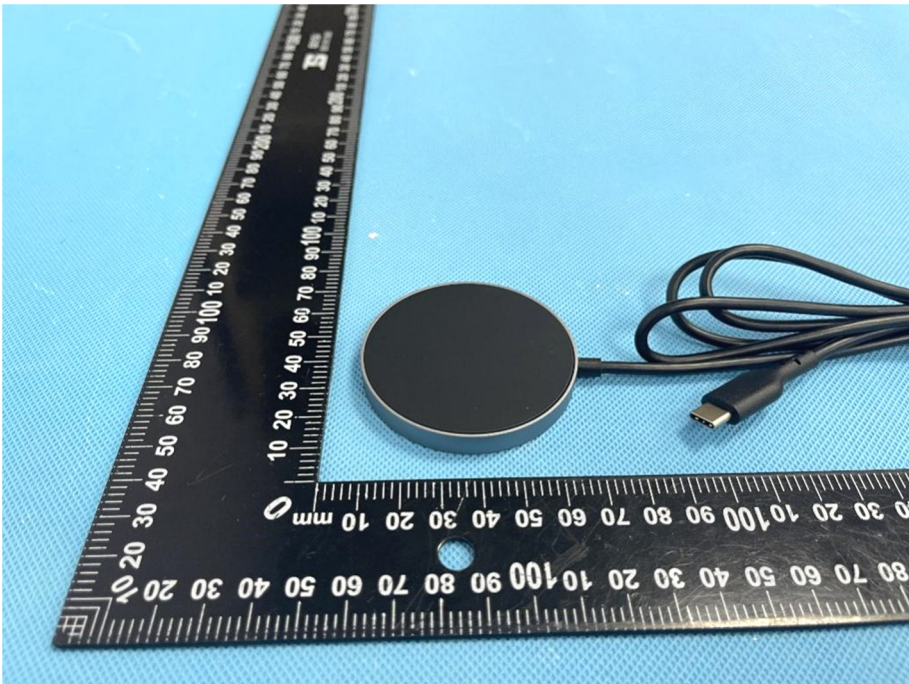

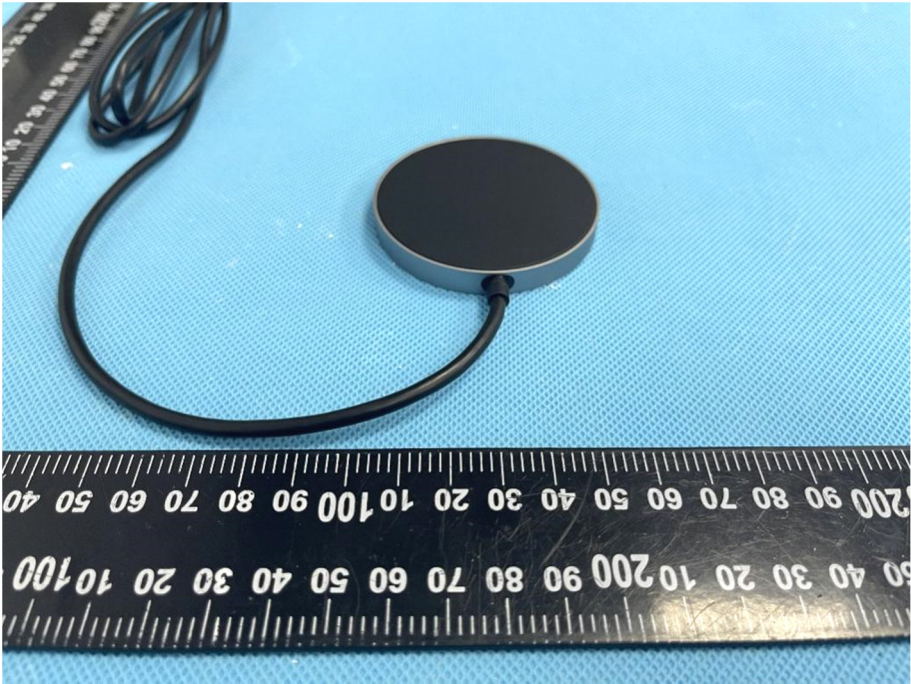

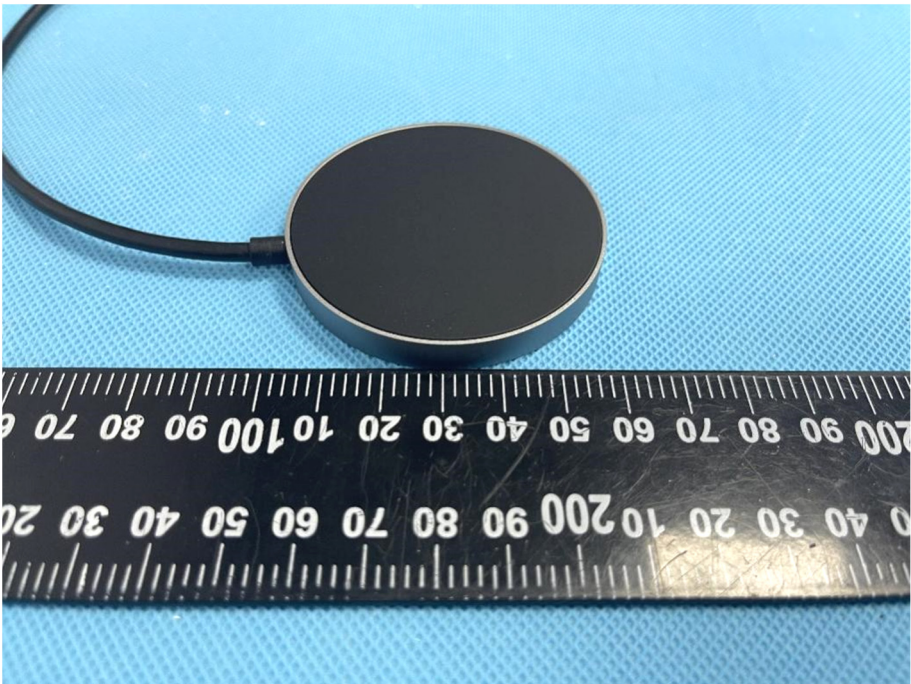

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

|            |                                                                                                                                                                                                                                                                                                                                                                                                                           |
|------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| EUT View 1 |  A photograph showing a black circular device with a cable attached. The device is positioned next to a ruler for scale. The ruler is marked in centimeters and millimeters. The device is approximately 10 cm in diameter. The cable is black and coiled.                                                                             |
| EUT View 2 |  A photograph showing the same black circular device from a different angle. The device is positioned next to a ruler for scale. The ruler is marked in centimeters and millimeters. The device is approximately 10 cm in diameter. The cable is black and coiled. The device has some text on it, including "CE", "F", "L", and "M". |

|                   |                                                                                                                                                                                                                                                                                                                                                                                                     |

| <p>EUT View 3</p> |  A photograph showing a circular black device with a cable attached. The device is positioned next to a black L-shaped ruler on a blue textured surface. The ruler has white markings in centimeters and millimeters. The device is approximately 40mm in diameter. The cable is black and has a USB-C connector. |
| <p>EUT View 4</p> |  A photograph showing the same circular black device with a cable attached, positioned next to a black L-shaped ruler on a blue textured surface. The ruler has white markings in centimeters and millimeters. The device is approximately 40mm in diameter. The cable is black and has a USB-C connector.       |

|                   |                                                                                                                                                                                                                                                                                                                                 |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>EUT View 5</p> |  A photograph showing a circular black device with a cable attached, resting on a blue textured surface. A ruler is placed below the device for scale. The device is approximately 20mm in diameter. The cable is black and flexible.         |
| <p>EUT View 6</p> |  A photograph showing the same circular black device with a cable attached, resting on a blue textured surface. A ruler is placed below the device for scale. The device is approximately 20mm in diameter. The cable is black and flexible. |
