

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

Conducted Emission Test Setup	 A photograph showing a conducted emission test setup. On the left, a wooden workbench holds a spectrum analyzer. To its right, on the floor, is a power supply unit with a red terminal. Cables connect the equipment. On the right, another wooden workbench has a small electronic device being tested, with a probe connected to it. The background is a plain grey wall.
Radiation Emission View (Below 30MHz)	 A photograph of a radiation emission test chamber. The walls are covered with white, square-shaped electromagnetic shielding tiles. In the center, a small white table holds a device. To the left, a metal frame stands over a piece of equipment on the floor. The floor is grey with yellow safety lines.

**Radiation Emission
View (30MHz to 1GHz)**
