Re: FCC ID: A7FEA070

To Whom It May Concern:

The following application is submitted on behalf of our client, JL Marine Systems, Inc., for evaluation of their model EA070 for certification under FCC Part 15.247.

The model EA070 is a dash mounted battery powered remote control. The device transmits in the 900 ISM band.

The EA070 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Sam Wismer". The signature is fluid and cursive, with the first name "Sam" being more legible than the last name "Wismer".
