1.Product Introduction:

Mangotek Charging station is a 3 in 1 charger solution for your Apple watch, iPhone 11/ 11 Pro or all the other Qi enabled devices, it can charge 3 devices simultaneously, support 7.5W fast charge for iPhone, 10W for Samsung mobile phones, 5W for other Qi enabled devices without wireless fast charger. There is another USB-C port which allows you to wired charge your mobile devices by plugging in a usb c to lightning charging cable or usb c to c charging cable(cable not included in the package)
The Apple Watch charging station support night stand mode for your Watch

2.How to use

Firstly, Connect the charger station with power electricity by using the included DC adaptor, Plug it in a wall outlet or power strip
Secondly, Press the side button, the Apple watch charger module will pop up, place your Apple Watch onto the top of the integrated magnetic charge module, and there you go, it starts charging your Apple watch.

Thirdly, Place your mobile devices such as iPhone 11, Samsung Galaxy S10 or AirPods onto the surface of wireless charging area, please remember there is always a best wireless charging spot, if there is no reaction, just adjust the your devices until they are being wireless charged successfully.
Fourthly, There is another USB-C port at the back of the charger which allows you to use a USB C to lightning cable or USB C to USB C cable to FAST charge your mobile devices.(cable not included and a certified charging cable is highly recommended)

3.Product features:

Includes a DC 15 V/3.5A Power Adapter

Input: DC 15/ 3.5A

Output of USB C PD Charging Port: 5V 3A 9V 2A, 12V 1.5A

Apple Watch Charger Module: 5V 1A

Qi Wireless Fast Charge 10W for Samsung, 7.5W for iPhone

Product Size: 178 x 138 x 22mm

7.MFi Certification Statement:

Use of the Made for Apple badge means that an accessory has been designed to connect specifically to the Apple product(s) identified in the badge, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards.

8.FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could avoid the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance between 20cm the radiator your body: Use only the supplied antenna.

9.Caution:

Please read all warning for your safety and optimal user experience. Please read and follow these instructions carefully and retain for your records:
