

# Wireless Charging Pad

Qi2.2 25W

Model:RWC730

User Manual

## Foreword

Thank you for choosing Reflying products. In order to better understand the product, please read this manual carefully before use. Wish you have a pleasant experience!

## Specifications

\*Product name: Qi2.2 25W Wireless Charging Pad

\*Input: 5V/3A, 9V/3A, 12V/3A, 15V/3A

\*Output: 5W/7.5W/10W/15W/25W Max

## Operation instruction

Charge Your Device Wirelessly

Plug the built-in USB-C cable into your USB-C wall charger. Place your device on the Wireless Charging Stand aligning it to the center of the charging area. Your device should begin charging wirelessly.

To achieve fast charging, ensure the wireless charge base is connected to a 30W output. For optimum charge speed, adjust your device so that it is aligned to the centre of the wireless charging pad. Ensure any case on your device is not affecting the wireless charging. If required remove the case, as some cases may interfere with wireless charging if they contain metallic material or are overly thick.

## FCC Warning

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and  
(2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.

## IC Caution

Radio Standards Specification RSS-Gen, issue 5

- English:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

This device may not cause interference.

This device must accept any interference, including interference that may cause undesired operation of the device.

RF exposure statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

- French:

Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:

Cet appareil ne doit pas causer d'interférences.

Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.

Déclaration d'exposition RF:

L'appareil a été évalué pour répondre aux exigences générales d'exposition aux RF. L'appareil peut être utilisé dans des conditions d'expositio
