

Divoom®

PIXOO-MAX

INDOOR & IN-CAR PIXEL ART DISPLAY

This is Pixoo-max, your new pixel art display board from Divoom.

With a 32x32 pixel size display, Pixoo-max unlocks the world of pixel art. You can display a thumb up to the following car, or your favorite pixel art design.

What's included?

Pixoo-max

Pixoo-max stand

User manual

USB charging cable

Thank you for purchasing a Divoom product! Please read this manual carefully. Visit www.divoom.com to learn more about our other products! Due to the nature of the technology product, the instructions on this manual are subject to change without prior notice. If you have any questions, please feel free to contact the Divoom customer support.

■ Product details

- 1.HOLD: Power ON/OFF
PRESS:Show battery status
- 2.HOLD: Change lighting effects
PRESS:Change channel
- 3.Microphone Ports
- 4.Stand port
- 5.USB-C charging port
- 6.Charging indicator light
- 7.Car mount screw holes
(for car mount accessory only)

■ How to connect in Bluetooth

The Divoom Smart application is available in both iOS and Android APP stores. You can search for 'Divoom' or scan this QR code.

Download the Divoom
from the App Store
and Google Play™

- 1.In the Phone's Settings, please turn ON Bluetooth
- 2.In the Divoom mobile application, please connect with the 'Pixoo-max'.
 - If you cannot find 'Pixoo-max', please try: a) restart the Bluetooth function, b) clear Bluetooth paired device history, c) enable phone's GPS location service.

■ How to enable voice control?

1. Connect your Pixoo-max in the Divoom APP
2. Go to Discover > Voice control
3. Tap the command to modify the keyword
4. Tap on the black square to select the corresponding image/action.
5. When completed, just say "Hey, Siri. xxx" (xxx = keyword).

"Hey, Siri. Turn Left"

- The voice control function is currently only available for the iOS device. The android version is still under development.
- In order for this function to work, the Pixoo-max must be connected in the Divoom APP.

■ How to charge?

1. Insert the USB cable into the USB port on the rear panel.
2. The indicator will light up during charge, and turn off when 100% charged.

■ What is car mode? And how to enable/disable it?

Car mode is a default enabled function for the **Pixoo-max**. When enabled, the **Pixoo-max** will automatically power ON when the car's ignition is ON and connected. When the car is shut off, the **Pixoo-max** will then power OFF itself. When the car mode is disabled, the **Pixoo-max** will require manual power ON and OFF.

To enable or disable this function, please use the Divoom APP:

1. Connect your **Pixoo-max** in the Divoom APP
2. Go to Settings>LED Settings, and toggle ON/OFF the Car Mode.

■ In some markets, the car mount accessory may sold separately. In such case, we may recommend to disable the car mode for normal indoor use.

■ WARNING:

IN CAR USE MAY NOT BE LEAGAL IN CERTAIN STATE/COUNTRY. ALWAYS CHECK YOUR LOCAL TRAFFIC LAWS.

FCC STATEMENT :

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
