Filed: 25 October 1999

Dear Sir or Ma'am:

Please find attached in this envelope a check covering the necessary fees, and a copy of the form 159 generating when electronically filing this application.

Pursuant to 47 C.F.R. § 0.459, Texas Instruments respectfully requests confidential protection of the following documents submitted electronically in furtherance of the above-reference application as containing proprietary information listed below:

FCC Confidentiality

- Electrical Schematics of Components as Attachment 3. (Attachment3.pdf and Attachment3b.pdf, Adobe Acrobat files *.pdf, 13 pages total)
- Product Specifications for the DCB & Multi-Protocol reader – RI-CTL-DCMA-02 & RI-STU-TRDA-01. (RI-CTL-DCMA-02-Spec.pdf & RI-STU-TRDA-01-Spec.pdf, Adobe Acrobat files *.pdf)

The reason for request for confidentiality is that these documents contain Texas Instruments proprietary and internal information and it is critical from a product technology and know-how standpoint (hardware and software) that this information remains confidential.

The test report (Adobe Acrobat File *.pdf file) and other attachments (Adobe Acrobat Files *.pdf files) of this application do not require confidentiality after the grant of the application.

Should you have any questions regarding the matters addressed herein, please do not hesitate to contact me at (972) 995-0318 (vckumar@ti.com).

Respectfully submitted,

By: /s/ V. C. Kumar
