- 1) Antenna photo's. *File "s7000antenna.pdf" contains antenna photos.*
- 2) Provide the same RF label and user warning as in the previous application filing. *The caution label and user warning information was added to the user manual "S7000manualFD.pdf" located on pages 25 & 26. Also, 15.205B language was corrected in section 1.4 of file "S7000labelA.pdf" and page 22 of the user manual "S7000manualFD.pdf".*
- 3) Indicate whether data is sent to the tag? *Yes*
Whether data can be stored in the tag? *Yes*
Whether data can be retrieved from the tag? *Yes*
- 4) Does the data signal follow the power signal on the same frequency before the next frequency is used? *Yes*
Is the total time of the data signal and power signal less than 400 msec? *Yes*
- 5) Confidentiality of the cover letter indicating the business relationship cannot be held confidential. Since it is not needed, provide a corrected confidential letter and the cover letter will be removed from the filing. *Please remove confidential files "s7000conversation.pdf" & "s7000release.pdf" from the application request. The "s7000loc" letter of confidentiality has been modified and attached as "s7000locA.pdf".*

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal pursuant to Section 2.917 (c) and forfeiture of the filing fee pursuant to section 1.1108.
