To Whom It May Concern:

The Wireless Engineering Division of NEC America, Inc. ("WED"), the undersigned, hereby authorizes PCTEST Engineering Laboratory Inc. ("PCTEST"), to act on the behalf of the WED solely in matters relating to the application for an FCC equipment authorization for FCC ID# **A98-KMP6J1AD**, including the signing of documents in connection with this Application. Necessary acts carried out by PCTEST on our behalf of the WED in connection with the Application shall have the same effect as acts of the WED.

The WED also hereby certify that no party to this application is subject to a denial of benefits, including FCC benefits, pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. 853(a).

Sincerely,

In re: **NEC America, Inc.**  
**FCC ID: A98-KMP6J1AD**  
**FCC Part 15, 22 & 24 Certification**  
**Request for Confidentiality**

Gentlemen:

In accordance with 0,459 of CFR 47, NEC America hereby requests confidentiality of the attachments for the subject application.

- Block Diagrams.
- Circuit Diagrams.
- Circuit Descriptions
- Internal Photos. (45 days short term confidential)
- External Photos. (45 days short term confidential)
- User Manual. (45 days short term confidential)
- SAR Test Setup Photos. (45 days short term confidential)
- Test Setup Photos. (45 days short term confidential)

Those documents contain detailed system and equipment description and related information about the product which NEC America considers to be confidential proprietary, a custom design and, otherwise, not releasable to the general public. Since this design is a basis from which future technological products will evolve, NEC America considers this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

Noboru Sakata  
General Manager  
Wireless Engineering Division
