

FCC REQUIREMENTS USER INSTRUCTIONS

- The equipment complies with Part 15 of the FCC Rules. Use of the features of the equipment is subject to the condition that you do not cause harmful interference to other radio or television receivers. If you do cause such interference, you must stop using the equipment until you consult with your dealer or the manufacturer of the equipment.
- The equipment is designed to operate on a frequency of 2.4 GHz. It is not to be used in the vicinity of any other equipment operating on the same frequency. If you do use the equipment in the vicinity of other equipment operating on the same frequency, you must stop using the equipment until you consult with your dealer or the manufacturer of the equipment.
- The equipment is designed to operate on a frequency of 2.4 GHz. It is not to be used in the vicinity of any other equipment operating on the same frequency. If you do use the equipment in the vicinity of other equipment operating on the same frequency, you must stop using the equipment until you consult with your dealer or the manufacturer of the equipment.
- The equipment is designed to operate on a frequency of 2.4 GHz. It is not to be used in the vicinity of any other equipment operating on the same frequency. If you do use the equipment in the vicinity of other equipment operating on the same frequency, you must stop using the equipment until you consult with your dealer or the manufacturer of the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference to other radio or television receivers. However, there is no guarantee that interference will not occur in certain installations. If you do experience interference, you should stop using the equipment until you consult with your dealer or the manufacturer of the equipment.

IMPORTANT NOTES:

- Connect the equipment to a power source that is not a battery.
- Do not use the equipment in the vicinity of any other equipment operating on the same frequency.
- Do not use the equipment in the vicinity of any other equipment operating on the same frequency.

IMPORTANT SAFETY INSTRUCTIONS

- Read and understand all instructions before using the equipment.
 - Do not use the equipment in the vicinity of any other equipment operating on the same frequency.
 - Do not use the equipment in the vicinity of any other equipment operating on the same frequency.
 - Do not use the equipment in the vicinity of any other equipment operating on the same frequency.
- CAUTIONARY INSTRUCTIONS**
- Do not use the equipment in the vicinity of any other equipment operating on the same frequency.
 - Do not use the equipment in the vicinity of any other equipment operating on the same frequency.
 - Do not use the equipment in the vicinity of any other equipment operating on the same frequency.

IMPORTANT NOTES:

- Connect the equipment to a power source that is not a battery.
- Do not use the equipment in the vicinity of any other equipment operating on the same frequency.
- Do not use the equipment in the vicinity of any other equipment operating on the same frequency.

IMPORTANT CORDLESS TELEPHONE INFORMATION

- For optimal performance, your phone's base unit should be installed in a location that is free of obstructions and is not near any other electronic equipment.
 - Do not use the equipment in the vicinity of any other equipment operating on the same frequency.
 - Do not use the equipment in the vicinity of any other equipment operating on the same frequency.
- NOTE:**
- Do not use the equipment in the vicinity of any other equipment operating on the same frequency.
 - Do not use the equipment in the vicinity of any other equipment operating on the same frequency.

CHARGE THE HANDSET BATTERY BEFORE USING THE CORDLESS TELEPHONE

The battery pack in the handset should be fully charged before use. To charge the battery pack, insert it into the charging cradle and connect the cradle to a power source. The battery pack will be fully charged in approximately 10 hours.

IMPORTANT FEATURES

- ULTRA CLEAR NOISE REDUCTION CIRCUIT**
This feature reduces background noise during conversations, making it easier to hear the other party.
- CALLER ID**
This feature allows you to see the number of the caller before you answer the phone.
- CALL FORWARDING**
This feature allows you to forward incoming calls to another number.

CHARGE THE HANDSET BATTERIES BEFORE USING THE CORDLESS TELEPHONE

The handset battery pack should be fully charged before use. To charge the battery pack, insert it into the charging cradle and connect the cradle to a power source. The battery pack will be fully charged in approximately 10 hours.

CASIO EASY TO USE OWNER'S GUIDE

- INSTALLATION**
Follow the steps in the manual to install the equipment correctly.
- CHARGE THE HANDSET BATTERIES**
Charge the handset battery pack before use.
- OPERATING THE EQUIPMENT**
Follow the steps in the manual to operate the equipment.

CHARGE THE HANDSET BATTERIES BEFORE USING THE CORDLESS TELEPHONE

The handset battery pack should be fully charged before use. To charge the battery pack, insert it into the charging cradle and connect the cradle to a power source. The battery pack will be fully charged in approximately 10 hours.

TROUBLESHOOTING

- Problem: The handset does not ring.**
Solution: Check the handset battery level and the handset volume.
- Problem: The handset does not charge.**
Solution: Check the charging cradle and the handset battery.
- Problem: The handset does not work.**
Solution: Check the handset battery level and the handset volume.

NOTE: If you experience any of the above problems, please contact your dealer or the manufacturer of the equipment for further assistance.

QUESTIONS?

- Question: How do I charge the handset?**
Answer: Insert the handset into the charging cradle and connect it to a power source.
- Question: How do I use the handset?**
Answer: Follow the steps in the manual to operate the handset.
- Question: How do I troubleshoot the handset?**
Answer: Refer to the Troubleshooting section of the manual.

NOTE: If you experience any of the above problems, please contact your dealer or the manufacturer of the equipment for further assistance.

ADDITIONAL INFO

- CHARGING THE BATTERIES**
Follow the steps in the manual to charge the batteries.
- OPERATING THE EQUIPMENT**
Follow the steps in the manual to operate the equipment.
- MAINTENANCE**
Follow the steps in the manual to maintain the equipment.

NOTE: If you experience any of the above problems, please contact your dealer or the manufacturer of the equipment for further assistance.

LIMITED WARRANTY

- WARRANTY COVERAGE**
The equipment is warranted against defects in materials and workmanship.
- EXCLUSIONS**
The warranty does not cover damage caused by misuse or neglect.
- REPAIRS**
Repairs will be made at the discretion of the manufacturer.

NOTE: If you experience any of the above problems, please contact your dealer or the manufacturer of the equipment for further assistance.

REFERENCIA RAPIDA

- GRABANDO EL SALUDO UNO**
Follow the steps in the manual to record a greeting.
- OPERATING THE EQUIPMENT**
Follow the steps in the manual to operate the equipment.
- MAINTENANCE**
Follow the steps in the manual to maintain the equipment.

NOTE: If you experience any of the above problems, please contact your dealer or the manufacturer of the equipment for further assistance.
