Subject: Frequency Range Attestation for VHF Transmitter, FCC ID ABZ99FT3095

In accordance with updated requirements pertaining to Publication KDB 634817, Frequency Range Listings For Certification Grants, Motorola hereby submits attestation that the transmitter described in this submission includes continuous frequencies that are not listed in rule part 90.

The device complies with CFR47, Part 90.203, in that the operator cannot directly program the transit frequencies using the normally accessible external controls. Please note that Licensed End Users do not have access to any external controls that will allow them to program the equipment. Equipment programming is the responsibility of Motorola approved Service Agents.

In addition to Part 90 usage, this equipment is utilized in systems such as Federal and Public Safety agencies, e.g. police, fire, and emergency medical, etc. as indicated in the following table:

Freq. Range (MHz)	Part 90	Federal Customers
136-137		X
137-138		X
