|                         | KX-TGE270                                                                                                                                                             | KX-TGF380                                                                                                                                                                 |
| <b>Bluetooth Module</b> |   |   |
| <b>AC adaptor</b>       | Both model are used to PNLV226 AC adaptor.                                                                                                                            |                                                                                                                                                                           |

We declare that the Bluetooth module of KX-TGF380 and KX-TGE270 are identical.

Regarding the test with conducted of FCC part 15.247 (2.4GHz Frequency Hopping Transmitter), the test of KX-TGF380 are packaged for the test of KX-TGE270 with the following items.

(1) The Bluetooth module of KX-TGF380 and KX-TGE270 are identical.

(2) AC adaptor PNLV226 use for both models KX-TGF380 and KX-TGE270.
