Re: Original FCC Certification Application for DECT 6.0 Cordless Desktop VoIP Phone for
SIP Server or PBX under FCC ID: ACJ96NKX-TPA65

Attn: Director of Certification

We appoint Nemko A/S, Instituttveien 6, N-2007 Kjeller, Norway, to act as our agent in the preparation of this application for equipment certification. We certify that submitted documents properly describe the device or system for which equipment certification is sought. Also, we certify that each unit manufactured, imported or marketed, as defined in the Federal Communications Commission's regulations will have affixed to it a label identical to that submitted for approval with this application.

For instances where our authorized agent signs the application for certification on our behalf, we acknowledge that all responsibility for complying with the terms and conditions for certification, as specified by Nemko Canada Inc., still resides with Panasonic Corporation of North America. Any and all acts carried out by Nemko on our behalf shall have the same effects as acts of our own for a period of one year from the date of this letter.

We attest that neither the applicant nor any party to this application, as defined in 47 CFR §1.2002(b), is subject to a denial to Federal benefits, that include FCC benefits, pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. 862. Also, we certify all statements we make in our request for equipment authorization are true and correct to the best of our knowledge and belief.

The subject product is also being submitted for FCC Part 68 Certification under US: ACJIPNANKX-TPA65.

Please advise the undersigned if you have any questions or comments. Thank you for your attention and cooperation in this matter.

To whom it may concern;

In accordance with provisions of Sections 0.457 and 0.459 of the Commission's Rules and Section 552(b)(4) of the Freedom of Information Act, we request permanent confidentiality for the below exhibits. The transmitter is not user adjustable and does not have a provided Tune-Up Procedure. The below exhibits contain proprietary, confidential and trade secrets material, which would not be routinely made available for public inspection.

- Schematic Diagrams and RF Unit
- Block Diagrams and RF Unit
- Description of Electrical Circuitry
- Antenna Construction

In accordance with FCC Public DA 04-1705, we request forty-five day short-term confidentiality, starting from the issuance of equipment authorization date, for the below exhibits. These exhibits contain pre-market information, which could give our competitors unfair advantage should this information be released before this product is actually introduced into the common marketplace.

- External Photographs and RF Unit
- Internal Photographs and RF Unit
- Test Setup Photographs
- User Manual

Please advise the undersigned if you have any questions or comments. Thank you for your attention and cooperation in this matter.
