RE: Matsushita Electric Industrial Co., Ltd.
FCC ID: ACJ9TGCF-28WLAN1

I have reviewed the RF exposure information and have a couple of corrections.

- 1.) Your file RF EXPOSURE STATEMENT (21KE22-1).pdf should show calculations proving that this antenna plus gain and power will be safe as any radius under 20 cm. A blanket attestation statement is not sufficient. Please correct.
- 2.) Manual Statement as submitted claims a safe radius to 5cm. RF Exposure statement listed in item 1.) claims equipment is safe to 5 cm. There must be agreement with manual statement and RF Exposure statement. Please correct. I caution you that for this device in this configuration, the Mobile environment (20 cm) is the only one appropriate.
