Request for Confidentiality

Gentlemen:

In accordance with 0.459 of CFR 47, PCTEST hereby requests confidentiality on behalf of INTEL Corporation for the Block Diagrams, Circuit Diagrams, Circuit Description, and Operational Description attachments for the subject application. PCTEST is a trusted holder of these confidential documents and is authorized to upload these documents as required.

These documents contain detailed system and equipment description and related information about the product, which INTEL Corporation considers being proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, INTEL Corporation considers that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

Randy Ortanez
President
