

Label and location for Panasonic Module
Model WL25A
(FCC ID: ACJ9TGWL25A)

FCC: Per KDB 784748 – When the device is so small or for such use that it is impracticable to label with a font size that is four points or larger (and the device does not utilize electronic labeling), then the FCC ID shall be placed in the user manual.

The WL25A is considered to meet this criteria since the module size is 12mm x 16mm and it is too small and impractical to label FCC ID on the module using clearly visible fonts of 4 points or larger.

The FCC ID of the module model WL25A will be shown in the user manual as following:

< Module information >

Model WL25A

FCC ID: ACJ9TGWL25A

In addition, the module model WL25A will never be marketed stand-alone in US. The module model WL25A will always be mounted in a Panasonic Host PC before marketing in the US. Thus, the following information will also be displayed in the label of a Panasonic Host PC with the module WL25A installed.

This PC contains ;
FCC ID : ACJ9TGWL25A
