

EXHIBIT C – INTERNAL PHOTOGRAPHS

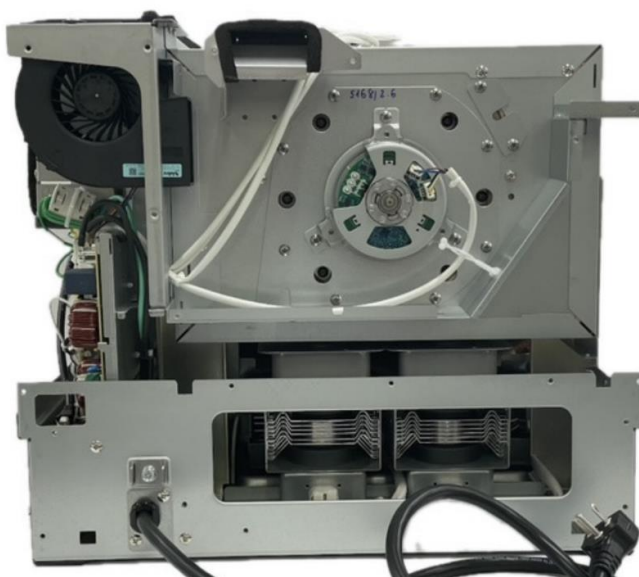

Right Side View without Enclosure

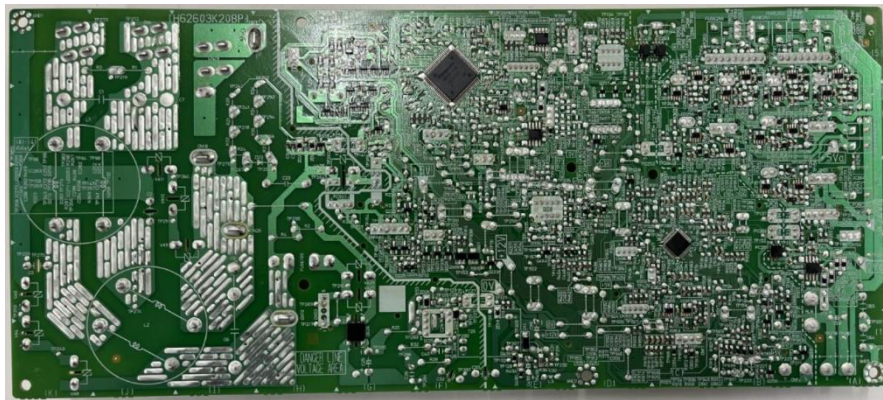

Left Side View without Enclosure

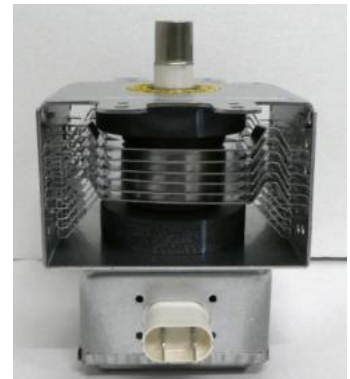

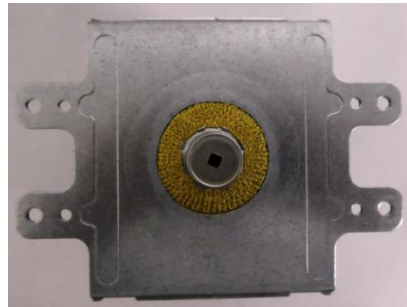

Rear View without Enclosure

This image shows the internal components of the device, including the LCD panel, backlight, and various electronic components and connectors. The LCD panel is a large, rectangular, silver-colored unit. The backlight is a smaller, rectangular, silver-colored unit located below the LCD panel. Various electronic components, including capacitors, resistors, and integrated circuits, are visible on the printed circuit board (PCB). Connectors for the LCD panel, backlight, and other components are also visible.
