

## Product Equality declaration Letter

We, ARRIS declare that difference between FCC ID: ACQ-MG3 / ACQ-MG3-BT is only Wi-Fi function by population / depopulation of components without PCB layout modification.

| Characteristic    |                 | FCC ID: ACQ-MG3                                                                                                     | FCC ID: ACQ-MG3-BT                              |
|-------------------|-----------------|---------------------------------------------------------------------------------------------------------------------|-------------------------------------------------|
