To Whom It May Concern

Subject: C2PC Request

Applicant: Icom Incorporated
Product: Scanning receiver
Model: IC-7610
FCC ID: AFJ386400

Dear Sir/Madam,

Due to the out of production on some of components, Icom Inc, seeks application for Class 2 Permissive Change on AFJ386400.

Those are:

1. Transistors used in the preamplifier circuit.
2. Inductor coils used in the dual-watch splitter of the receiver.
3. Transistors used in the DIGISEL-AMP.
4. The inductor coils used in Band Pass Filter circuit.

The substituting parts are electrically equivalent parts.

Icom have been assessed and no degradation found compared to the previous filing and still within the FCC limits.

Icom Inc

A handwritten signature in black ink that reads "T. Yano". The signature is written in a cursive, flowing style.
