Attention: Authorization & Evaluation Division
Applicant: ICOM INCORPORATED

Subject: AFJIC-A110 under EA96348

Dear Sir/Madam,

FCC ID; AFJIC-A110 under EA96348, will only be marketed in the USA as a 25KHz version, and that ICOM will delete from the manual, the reference to the 8.33KHz for USA model.

We trust that this is acceptable to the Commission and that the Grant will be issued.

Best regards,

Masaaki Takahashi
