

Family Model Declaration Letter

Date: October 21, 2025

SUBJECT: FCC Application for FCC ID: AJDK129

To Whom It May Concern:

We, Pioneer Corporation, declare that the family models include:

DMH-470EX, DMH-S110EX, DMH-140BT are the same on the board, with the same schematic, hardware version, hardware and software main functions. The only differences between these models are different model names for marketing purpose, minor structural differences in interface configuration (such as AUX IN and SWC functions), and minor software version variations caused by radio frequency range setting. The differences details are shown in the table below:
