RE: FCC ID: AK8GSX100

Attention: Sumio Nishii / Kanako Sanda

I have a few comments on this Application.

1. The label and label area on the device appear more than sufficiently large enough to contain the 2-condition statement as required in 15.19(a)(3). Please provide a corrected label or please explain why the statement is not on the device. Please note that only those reasons provided in 15.19(a)(5) are acceptable or valid reasons not to place this statement on the product. While you may place the statement in the manual as well, it is required that, unless the exceptions of 15.19(a)(5) can be met, this statement **MUST** be on the product. Since this exception does not appear to apply to this device (i.e. it is large enough and there is sufficient room), please provide a corrected label with this statement.
