

DECLARATION OF CONFORMITY TO SAR LIMITS OF FCC

Type of equipment:

Applicant: SONY CORPORATION

Manufacturer:

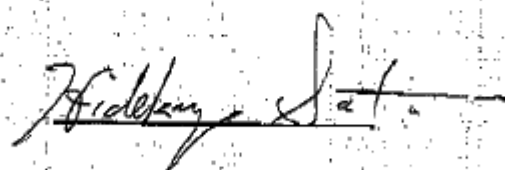

FCC ID: AK8SPPA2470

Brand Name: SONY

The EUT's maximum ERP tested was 57.16 mW which is time division multiples. It only transmit 50% duty cycle. The 57.16 mW reading was taken at CW mode therefore the real power is less 50mW. Since the unit's output power is less than 50mW, it passes the SAR requirement.

Our production sample are comply with FCC section 1.1307(b)(1) SAR limits.
