Purpose Of Class II Permissive Change

Date: September 27, 2002
To: FCC Lab - Reviewing Engineer
From: Jim Haynes
RE: FCC Id: AMWUB316

Please note that the original Grant of Equipment Authorization was issued for the above referenced FCC Identifier on August 22, 2002. Although the radio frequency and control circuitry are identical, a Class II Permissive Change, under FCC Part 2.1043(b)(2) is being requested because of the construction differences between the original mobile and the portable versions.

Thank you for your consideration in this matter. If you have any questions regarding the above, please do not hesitate to contact me at ([jhaynes @ uniden.com](mailto:jhaynes@uniden.com)) or by telephone at (843) 374-3852.
