Letter of Attestation

Re.: Difference Declaration and request for ISED Family Certification/FCC Original Certification

To whom It May Concern,

Uniden America Corporation hereby declares the seven-product models listed below are similar in design and ID with the below documented differences:

Models:	Color of Enclosure	Owner's Manual
VHF490	WHITE	VHF490 Only
VHF595	WHITE	Same
VHF595BK	BLACK	
UM385	WHITE	Same
UM385BK	BLACK	
UM435	WHITE	Same
UM435BK	BLACK	

Differences:

Main PCB: All models are common using Transmitter, Receiver (MRN/DSC), Reference Oscillator, PLL, VCO, Power supply and Audio parts with the model VHF 490.

Front PCB: Two PCB's, the CPU, LCD resolution, and the circuit are the same, but the KEY arrangement and LCD size is different.

MIC PCB: Three different PCB's used due to the different number of keys and the case ID is changed to accommodate the different Mic keys.

FCC Testing: Report Number 332BUT17, for the VHF490 is representative of and applicable for all models of the certification.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Paul Roby".

Paul Roby
