Right side (0mm)	Top surface (0mm)
 A black cylindrical object, possibly a sensor or camera, is positioned horizontally on a green base. The object has a white foam block attached to its side and a small yellow rectangular piece of tape. The background shows a white table and a blue cloth.	 A black cylindrical object is positioned vertically on a green base. The object has a white foam block attached to its side and a small yellow rectangular piece of tape. The background shows a white table and a blue cloth.
