The image shows a circular metal frame, possibly for a magnetic field experiment, positioned in the center of an anechoic chamber. The chamber walls are covered with blue and white pyramidal-shaped electromagnetic wave absorbers. In the background, a white panel features a blue circular logo with a horizontal bar and the word "element" in blue lowercase letters. A wooden table is placed in front of the frame, holding a small electronic device with a digital display and two red rectangular blocks. A black cable runs from the table down to a grey electronic unit on the floor. The floor is made of dark, reflective metal plates.

The image shows a circular metal frame, possibly a Faraday cage or a measurement setup, positioned in the foreground. Inside the frame, a small table holds a stack of pink rectangular objects, likely capacitors or batteries, and a small electronic device. The background features a wall with a grid of light-colored, square-shaped acoustic absorbers and a blue, textured surface. The floor is dark and reflective.
