FCC ID : ATI9R3ODM51331

Label location:

A technical line drawing of the device's internal chassis. The chassis is rectangular with rounded corners and features several mounting points (screws) along the edges. A red arrow points from a box labeled "Label Location" to a specific area on the left side of the chassis, near the top edge. This area contains a rectangular cutout, likely for a label. Other components visible include a larger rectangular cutout in the center, a smaller rectangular cutout below it, and a complex, irregular cutout on the right side.
