LIST OF EXHIBITS

DESCRIPTION	EXHIBIT	REFERENCE
I. Identification label information & General Information	1A, 1B 1C	2.983-(f) 2.981-(a) 2.1061
1. Production Plans		
2. Application References		
3. Data Submittal Procedure		
4. Similar Applications		
II. Certification of Data	2	
III. External Photographs	3	2.983-(g)
IV. Block Diagrams	4	
V. Schematic Diagrams	5	2.983-(d)-7
VI. Test Report	6	
1. Data Index	6	
2. RF Output Data	6A	2.985
3. Modulation Characteristics		2.987
A. Audio Response & Low Pass Filter Response	6B, 9C	
B. Modulation Limiting	6D	
4. Occupied Bandwidth	6E	2.989
5. Frequency Stability		
(Temperature & Supply Voltage)	6G	2.995
6. Transient Frequency Behavior	6H	90.214
VII. Test Set-up Procedures	7	2.999
VIII. Instruction Manual	8	2.983-(d)-8
IX. Internal Photographs.	9	2.983-(g)
X. Parts List and Tune-Up procedures	10	2.983-(d)-6, 9
XI. RF Exposure Information	11	2.1093
XII. Operational Description	12	2.983-(d)-1,2,3,4,5
1. Technical Characteristics	12A	
2. Frequency Stabilizing	12B	
3. Modulation Limiting and Post Limiter Filter	12C	
4. Harmonic Suppression	12D	
5. Power Limiting	12E	
XIII. Cover Letter	13	

MOTOROLA

FCC ID: AZ489FT4863

IDENTIFICATION LABEL

LOCATION

- ☒ See the attached Photograph or Sketch
☐ Back of Radio
☐ Back of Radio under Belt Clip

TYPE

☒ The label is a paper polyester film laminate with a pressure sensitive adhesive backing. The adhesive is a permanent type acrylic with minimum peel strength of 40 oz/ inch.

☐ The label is laser etched into the Urethane paint, exposing the Nickel plating on the Zamak casting substrate. Since no adhesive is required, the label is permanent and tamper-proof. (** - NOTE- The label attached below is a paper polyester film laminate, as described above. This is just for sample purposes, as the actual label is laser etched into the casting)

HANDSET MARKINGS (TEXT)

See Photograph, Exhibit 1A.

See photographs in exhibit 3 for location of label on handset unit.

Text Molded on inside cover of battery door:

This device complies with part 15 of the FCC rules. Operation is subject to the condition that this device does not cause harmful interference

MOTOROLA

FCC ID: AZ489FT4863

EXHIBIT 1A

BASE MARKINGS (TEXT)

See Sketch, Exhibit 1B.

See photographs in exhibit 3 for location of label on base unit.

Text Molded on inside cover of battery door:

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Privacy of communication may not be ensured when using this phone. Complies with 47 CFR part 68 requirements.

MOTOROLA

FCC ID: AZ489FT4863

EXHIBIT 1B

GENERAL INFORMATION

I. Production Plans—Pursuant 2.983 (c).

Quantity production is planned.

II. Application References -- Pursuant 2.1061

Reference is made to the following Motorola
“Application References”

1. Portable Products and their application.
2. Portable Products Transmitter Modulations Methods.

III. Data Submittal Procedure:

Data is supplied in accordance with Part 2, Sub-part J of the Commissions’ Rules.

IV. Similar, currently Type Accepted Transmitter, FCC ID: AZ489FT4851.
