Subject: Application for Class 2 Permissive Change of Transmitter with FCC ID: **AZ489FT4886**

Dear Sir or Madam:

Motorola Solutions Inc, 8000 West Sunrise Boulevard, Fort Lauderdale, Florida, herein submits application for Class 2 Permissive Change of the subject transmitter for the followings:

- To add UHF1 and VHF Part 22 frequency band to the existing grant
- To replace the UHF R1 and VHF Power Amplifiers. There is no degradation in the RF exposure due to this change.

This device remains electrically identical to the previously granted device.

This transmitter is intended for use in a Portable Radio environment with capabilities for clear and coded communications with a variable transmit power operating within the following frequency ranges:

136 – 174 MHz:	1 – 6 W	(30 – 37.78 dBm)
380 - 470 MHz:	1 – 5 W	(30 – 36.99 dBm)

The subject transmitter complies with Section 90.203 of the Rules in that the operator cannot directly program transmit frequencies using the unit's normally accessible external controls.

A complete application for the aforementioned modifications is enclosed. Please contact Kim Uong if you require any additional information.

Sincerely,

Kim Uong
