This image shows the internal components of a Sony WH-1000XM3 headphone. The main green printed circuit board (PCB) is visible, featuring various electronic components and connectors. Key components include:

- Battery:** A large, black, cylindrical lithium-ion battery is positioned at the top of the device.
- PCB Components:** Numerous integrated circuits (ICs) and passive components are mounted on the PCB. Labeled components include VR500, VR520, VR501, VR502, VR503, VR504, VR505, VR506, VR507, VR508, VR509, VR510, VR511, VR512, VR513, VR514, VR515, VR516, VR517, VR518, VR519, VR520, VR521, VR522,
