To whom it may concern:

Please be advised that our product REMOTE CONTROL, model: WAC CW2 is not for sale and is intended solely for rental basis by Canon. Regarding its operation, the wireless channel to be used is determined at the time of rental through consultation with the event organizer or the venue management. The device must be configured to ensure the connected antenna matches the designated channel. Service personnel will perform the following procedures upon rental:

- Fixed securely with specified adhesives
- Disable CH1(902.125MHz)
- Disable CH 24-26 (925.125-927.125MHz) when using antenna type TX915-JK-11.

The antenna mounting structure and the above channel setting are not designed to allow modification by end users.

Sincerely,

Sho Tanaka
