## Overview

UTC Fire and Security is submitting this application for an original Limited modular approval of their Advisor One Bluetooth radio model AVO-BT, FCC ID: B4Z-962-BT. The test report references FCC ID: B4Z-962D-BT, which is the identical radio. The device will be professionally installed into host device, Model AVO-1037 Advisor One Security Panel.

The device was tested in the host device for this limited modular approval.

## Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
