RE: Fujitsu Ten Limited
FCC ID: BAB134000-268

Dear Dennis

Regarding the above referenced application, please find our reply to the comments dated June 9, 2003:

1. The device will be installed in the vehicles on the production line and will not sold to end users (vehicle owners) directly. If 2 conditions are put on the equipment, users cannot see the conditions at all. Therefore, the applicant chose to put the statements on users manual, not on the equipment.

2. We will upload revised user manual and pictures in the users manual. Please confirm.

We hope the above reply is satisfactory.

If any problems, please let us know.

Best regards,

Yukari Ito (Ms.)
UL Apex Co., Ltd.
