ATTENTION: New Applications

RE: Fujitsu Ten Limited
Application for Equipment Authorization-Certification
Model: Security Transmitter Module FCC ID: BAB237131-056

Gentlemen:

Transmitted herewith on behalf of Fujitsu Ten Limited, is an Application for Certification of the above referenced Security Transmitter Module. The Transmitter will be housed in a plastic enclosure that will allow for different configurations of one to four buttons. The PCB assembly will have all four buttons but the enclosures will not allow contact when installed. The four-button model was used in the tests.

Should any questions arise regarding this matter, kindly contact the undersigned.

Sincerely,
DNB ENGINEERING, INC.

Rick Linford
