Re: GN Netcom A/S
FCC ID: BCE-HSC018W
Confidentiality Request

To Whom it may concern:

This letter is to comply with 47 CFR 0.457 and 0.459 pertaining to confidentiality material. GN Netcom A/S requests that the following documents regarding this submission for FCC ID: BCE-HSC018W be kept confidential:

Exhibit Type	File Name
Block Diagram	Block Diagram.pdf
Schematics	Schematics.pdf
Operational Description	Operational Description.pdf
Tune up procedure	Tune up procedure.pdf
BOM	BOM.pdf

Those documents contain detailed system and equipment description and related information about the product which BCE-HSC018W considers to be confidential proprietary, a custom design and, otherwise, not releasable to the general public. Since this design is a basis form which future technological products will evolve, BCE-HSC018W considers this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Signatory

Bill Lin
Certification Engineer
GN Netcom A/S
