

Safety Information & Declarations

(Corded & BT & DECT - Global)

WARNING

Please read carefully through these Safety Guidelines prior to using this product.

GENERAL SAFETY INFORMATION!

- If you have a pacemaker or other electrical medical devices, consult your physician before using this product.
- Always keep the product out of reach from children! The packaging material contains small parts that may cause choking if ingested.
- Never try to dismantle the product or accessories yourself, and do not replace components (unless applicable) or push objects into the product. Only authorized dealers or service centres may open the products.
- If the product comes with a cord, avoid putting unnecessary tension or strain on the cord, including rolling the cord around the body of the product, as this could damage the product.
- Please be cautious to keep all products, cords, and other accessories in a safe operating environment and avoid exposing your product to rain, moisture, or other liquids (if not designed for this use).
- If the product has ear tips, the ear tip should rest against, but not enter the ear canal.
- If the product overheats, has been dropped and damaged, has damaged cord or plug, or has been dropped in a liquid, then discontinue its use and contact GN.
- Observe all signs and instructions that require an electrical device or RF radio product to be switched off in designated areas such as hospitals or aircrafts.
- Use of a headset will impair your ability to hear other sounds. Use caution when you are engaging in activities that requires your full attention e.g. traffic.
- If product is charged with a USB cable, use only a suitable USB cable which is in good condition, and charge/power the product according to the instructions.
- Avoid exposing the USB cable or adapter plug to moisture or liquids and never charge or power up if the USB cable or adapter plug is wet or moist.
- For maintenance, Unplug the product or charger before cleaning. Clean the product by wiping with a dry or slightly damp cloth. The cord and charger may only be dry-dusted.
- Dispose of the product according to local standards and regulations (see www.blueparrott.com/weee, or www.jabra.com/weee).
- For further instructions and guidelines on usage, refer to www.jabra.com/warning, or www.blueparrott.com/warning.

AUDIO PRODUCT WARNING!

PERMANENT HEARING LOSS MAY RESULT FROM LONG-TERM EXPOSURE TO SOUNDS AT HIGH VOLUMES. USE AS LOW A VOLUME AS POSSIBLE. This product might be capable of delivering sounds at loud volumes and high-pitched tones.

BATTERY WARNING!

Please observe the following if the product contains a battery.

- “Caution”: The battery used in this product may present a risk of fire or chemical burn if mistreated. Batteries may explode if damaged.
- Dispose of replaceable batteries according to local regulations. Please recycle when possible. Do not dispose as household waste or in a fire as they may explode.
- For information on batteries please go to www.jabra.com/batteries, or www.blueparrott.com/batteries.

CHARGER CARE!

Please observe the following if, the product is provided with a charger.

- Do not attempt to charge/power your product with anything other than the charger provided. The use of any other types may damage or destroy the product and could be dangerous. Use of other chargers may invalidate any approval or warranty. For availability of approved enhancements, please check with your dealer.
- “Caution”: Ensure that the charger is easily accessible and please be cautious when connecting/disconnecting the charger to/from the power outlet.
- When you disconnect the power cord, pull the plug, not the cord.
- Important: Please refer to the user manual for a description of the charging status indicator lights. Some products cannot be used while charging.

DECLARATIONS/NOTICES

Hereby, GN declares that this product is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU (Radio Equipment directive), and the UK relevant statutory requirements.

For further information please consult GN Audio A/S or refer to the Declarations of Conformity section at www.blueparrott.com, or www.jabra.com. UK contact info: GN Audio UK Ltd, The Curve, Axis Business Park, 10 Hurricane Way, Langley, Berkshire, SL3 8AG. Radio equipment's operating Frequency Band(s) / Maximum Output Power: [Please read per relevance based on device/module and technologies used]

Bluetooth Headset/Base/Ear Bud/Speaker phone / Audio-Video devices: 2400 - 2483.5 MHz / 100 mW. Wireless Charging cradle: 110 - 200 kHz / N/A. Wireless Charging Pad: 110 - 200 kHz / -3,72 dBµA/m. DECT Headset/Headset and Logos are owned by the Bluetooth SIG, Inc. and any use of such marks by GN is under license. Other trademarks and trade names are those of their respective owners.

“Wireless DECT standards vary depending on local legislation. Make sure that your product corresponds to the standard used in your country by ensuring that the product is purchased through a local source of distribution.”

North America:

FCC (wireless equipment):

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Users are not permitted to make changes or modify the device in any way. Changes or modifications not expressly approved by GN will void the user's authority to operate the equipment.

This device and its antenna must be co-located or operating in conjunction with any other antenna or transmitter. Non body-worn devices must be placed at least 8”(20cm) away from the body.

ISED (wireless equipment):

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS standards. (s). Operation is subject to the following two conditions: (1) This device may not cause interference and (2) This device must accept any interference, including interference that may cause undesired operation of the device. This device complies with RSS247 or/and RSS213 of Innovation, Science and Economic Development Canada.

FCC (corded equipment):

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a commercial environment. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

ISED (Applies to Class A digital apparatus only)

This Class A digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la classe A est conforme à la norme NMA-003 du Canada.

DECLARATIONS/NOTICES

Hereby, GN declares that this product is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU (Radio Equipment directive), and the UK relevant statutory requirements.

- Conservez l'ensemble des produits, cordons et autres accessoires dans un environnement d'exploitation sécurisé et évitez d'exposer l'appareil à la pluie, à l'humidité ou à d'autres liquides (s'il n'a pas été prévu à cet effet).
- Si le produit est doté d'embouts, ceux-ci doivent être placés dans le canal auriculaire, mais non insérés.
- En cas de surchauffe, de chute, d'endommagement ou d'immersion dans un liquide du produit, ou si le cordon ou la fiche est endommagé, cessez d'utiliser le produit et contactez GN.
- Conformez-vous à tous les panneaux et instructions imposant la mise hors tension des appareils électriques ou des produits radio RF dans certaines zones (hôpitaux, avions, etc.).
- L'utilisation d'un micro-casque vous empêchera d'entendre d'autres sons. Faites attention lorsque vous exercez une activité qui nécessite votre pleine attention.
- Si vous rechargez le produit à l'aide d'un câble USB, utilisez un câble USB adapté en bon état, et rechargez/allumez le produit conformément aux instructions. Évitez d'exposer le câble USB ou la fiche de l'adaptateur à de l'humidité ou des liquides, et ne procédez jamais à la charge ou à l'allumage si le câble USB ou la fiche de l'adaptateur sont humides ou mouillés.
- Pour l'entretien, débranchez le produit ou le chargeur avant de le nettoyer. Nettoyez le produit en le frottant avec un chiffon sec ou légèrement humide. Nettoyez le cordon et le chargeur avec un chiffon sec.
- Mettez le produit au rebut conformément aux réglementations et normes locales (rendez-vous sur www.blueparrott.com/weee ou www.jabra.com/weee).

Pour de plus amples instructions et conseils d'utilisation, consultez le site www.jabra.com/warning ou www.blueparrott.com/warning.
AVERTISSEMENT PRODUIT AUDIO!
UNE PERTE AUDITIVE PERMANENTE PEUT ÊTRE CAUSÉE PAR UNE EXPOSITION À LONG TERME À DES SONS ET VOLUMES ÉLEVÉS. UTILISEZ UN VOLUME AUSSI FAIBLE QUE POSSIBLE. Ce produit peut émettre des sons très élevés et très aigus.
AVERTISSEMENTS CONCERNANT LA BATTERIE!
Si le produit contient une pile, veuillez respecter les règles suivantes.

- En cas de mauvaise manipulation, la pile utilisée dans ce produit peut entraîner un risque d'incendie ou de brûlure. Les batteries peuvent exploser si elles sont endommagées.
- Les batteries remplaçables doivent être jetées conformément à la réglementation locale. Veuillez les recycler dans la mesure du possible. Ne jetez pas les batteries avec les ordures ménagères ou dans un feu car elles risquent d'exploser.
- Pour en savoir plus sur les batteries, rendez-vous sur www.blueparrott.com/batteries ou www.jabra.com/batteries.

ENTRETIEN DU CHARGEUR!
Veuillez suivre les instructions suivantes si le produit est fourni avec un chargeur.

- N'essayez pas de charger/allumer votre produit autrement qu'avec le chargeur fourni. L'utilisation d'un autre chargeur peut endommager ou détruire le produit et être dangereuse. L'utilisation d'un autre chargeur risque également d'invalider tout agrément ou garantie. Pour plus d'informations sur la disponibilité d'accessoires homologués, veuillez consulter notre revendeur.
- Attention – Assurez-vous que le chargeur est facilement accessible et soyez prudent lorsque vous branchez/débranchez le chargeur à/de la prise électrique. Lorsque vous débranchez le cordon d'alimentation, tirez sur la fiche et non le cordon.
- Important : Pour une description complète des voyants d'état de ce produit, veuillez consulter le manuel de l'utilisateur. Certains produits ne peuvent pas être utilisés pendant la mise en charge.
